THE SANFORD NURSERY
CLYDE OHIO

No. 12 5 in, diam. 4 in, high. 3 lbs. filled.
2 lbs. empty,

ART STONE NOVELTIES

make a very attractive natural setting for
Aubrietia small campanula dianthus edelweiss
primula saxifraga sedum thymus violas and
are easy to plant. In ordering unplanted stones
state if you wish to use them for deep rooting
plants and we will send those with large bot-
tom holes so the plants can grow in to deeper
soil. We recommend Nos. 12 20 & 22 A for
them. All stones used outside should be set
on soil otherwise will require watering.

Plants that will not tolerate a small percent
of lime may not grow in Art Stone Novelties.
